

Resident Support Program

The Resident / Medical Student Support Program is funded by a Contribution Agreement between the Yukon Medical Association (YMA) and the Government of Yukon. The purpose of this program is to provide financial assistance for costs incurred by family medicine or specialist residents who are doing rotations in the Yukon with either resident Yukon physicians or Visiting Specialists at the Visiting Specialist Clinics.

Amounts received under the benefit programs are required to be included in the income of the recipient in the year in which they were received. Original receipts should be retained. A copy of a T4A slip for each year will be mailed to you at the address that is on file and should be received in early March.
